

## USE & CARE INSTRUCTIONS

# Filling the Feeder

**Step 1:** Press the one-touch button to open the cap.

**Step 2:** Fill using the 3-N-1 Super Tote and avoid spilling and wasting seed.

**Step 3:** Snap the cap shut and enjoy.

# Cleaning the Feeder

**Step 1:** To remove the base, turn the feeder over.

**Step 2:** Locate the two long plastic tabs on the underside of the base and squeeze to disengage the locking features.

**Step 3:** Gently pull out the base.

**Step 4:** Hand wash all parts with warm soapy water. Allow to dry before use.

**Step 5:** Reinstall base by squeezing the tabs together and gently inserting into the bottom of the tube. Be sure the tabs on the base fully engage into the holes in the tube before filling with seed.

# Adjust Ports for Seed Type

The feeder comes with two types of port inserts that let you Choose Your Birds. The feeder comes assembled with hooded inserts to dispense Sunflower or Mixed Seed. Included is a small bag that contains inserts to convert the feeder to dispense Thistle/Nyjer Seed. Make sure your feeder is empty before switching types to avoid spilling seed.

## To Convert Ports to Dispense Thistle/Nyjer

**Step 1:** To remove the Mixed Seed hooded inserts, grab the inside bottom edge of the insert and firmly pull the piece out. Store the hooded inserts to convert back to dispensing Mixed Seed.

**Step 2:** Install the Thistle/Nyjer Seed inserts by aligning with the port opening and firmly pressing into place. You should hear a clicking sound. Make sure the insert is fully engaged before filling with seed.

## To Convert Ports to Dispense Mixed Seed

**Step 1:** To remove the Thistle/Nyjer Seed inserts, lift the insert out by prying along the outside edge of the piece. Store the inserts if you ever want to convert back to dispensing Thistle/Nyjer Seed.

**Step 2:** Install the Mixed Seed hooded inserts by aligning the insert with the port opening and firmly pressing into place. You should hear a clicking sound. Make sure the insert is fully inserted before filling with seed.
